Esteemed Friend Elisha Sigourney

We have sent the Brig Polly to thy Address, wishing thou would sell her for us upon the best Terms thou can Get, Remembering her Qualifications as P Recommend.; the Intent of sending her is for Sale as She is too small for our present Business. — as to Chartering her for us it dont seem to us Agreeable as we are Entirely directed another way with our Business, Thou will please to dispatch the Man as soon as possible on Act.t of Expence to us; not doubting thy perseverence in the matter for our Interest.

Recommend for the Brig Polly

She was Built at Providence by Thomas Salman a Carpender that was Reconed upon as (Warrantable) Equal to any Man in the State of R-Island, a man that Built John Brown's Large Ships; & after his Common Fee for Building we made him a hansom Present for his Fidelity. as we had her Built purposely for our own Use in the Whail Fishery (which She has Ever followed since Built. Except 2 Summers a Fishing) Her water is as thick as Common & the planking followed Suit which Cost us 10 Dol.s for the same So as to make her a true Round on Aut. of Nothing to Ketch her Boats in taking them in. She was Sheath'd Before She was touch't with the Worms & may be Warranted So. Her Sheathing is a little Eat but so as not to hinder her Proceeding a Twelve-Month's Voyage. Her upper Works was all Recauk't 7th mo last & we Believe She is a tight Strong Vessel as ever Floated of her Size; She will carry 700 Barrel's flour, her Sails Almost New, would last 9 Months 1 Gable Almost New the other Very Good; Altho She took's Broad on Deck She may be recommended to Sail with a Main-Topsail equal to Common Vessel's with One; & a Very Stiff Comfortable Vessel in a Gale & the only reason why She is for Sale is that small Vessels in the Whail Fishery will not at present Answer—

However Strange my Riteing to the at this time may
Appear I am Constraind thereto from a Report of R R
Leaving hear with Some of his Freinds that is in a way
Insinuating that he R R Vinter Manager & Finally
Shall Recive the Benefit of Sd Vinter Altho thow
Recvid his Voyage of Me. Now the Case Stand (with
me They (without a Different Explanation from the)
that is to Say thow Shipt the Boy to Go with Fodrick
with Prince Gardner & myself & we went Down &
informd the Capt together with thyself & Indian
Sometime after wher R R was in Goal thow met
me & Prince Gardner & informd the hardships
Rice La Cound under in Goal & then Informd
that Altho thow had Left orders with as Agent
Rice to Support the Boy with Both it was on thy
Act which you had Settled & that whe the Ships
Arrivd Dover & would Take Charge of the Voyage
for the as the Boy was Intirely Clear of Rice

& that I had to Remember it when the Ship
Arrivd I told the I should indevour to Attend to it, when
the Ships Arrivd Price Call'd for the Boy Voyage Declaring
the Venter was his & that thow & he had agreed thereto
but before the Voyage was Ready to be D^d a Man
Appeard in thy Behalf & told several of the owners
that thow Expected S^d Voyage, for the Indian &
Venter of S^d Indian on S^d Voyage was thine (your
of Price. and that thow had Settled with Price for the
Supply^s the Indian had in your Act you had Together
Some months Before, I then Took the Matter in Consid
eration & told Price I Could Not D^r him the Voyage
& informd him as Above said he Price said the Voyage
was his & he would have it & thow would always
Declare it & further he Could have an order
from the to me for the Same I told him when
that was Product I would Pay him the Voyage
he then said he was Bound of & would Bring thy
order but when Returnd he Product no order
& S^d thow would be on in a few Days but in the
meanwhile was Verry Pressing for to have the
Voyage I Put him of with Telling him that however
the Voyage Belong^s to them I would wish to Pay
thy Letter of 6 8 to me 1796 Came to hand I was
Absent but when Come Home I observd the Contents
which agreed With former Information that
the Indian was thy Indented Servant & that
thow Expected me to Pay the Voyage to thy
order Accordingly informd Price with Thine
word^s that I Dont Came to Request at this Time
when thow Came here & Demanded the Boy^s
Voyage, I informed the what had Past with
Price I well Remember thow Desird I would Go
with the to Price & be Satisfyd that he would Never
make any Demand for thow Now that he would
Never make that he Price would have Nothing
to Say Tending that way as he had no Demand
for the Voyage Neighther would he Intimate
any such thing to thy face as he had
no more to do with the Voyage than an

Vther Stranger for his Supply! to the Boy was
Long Before Settled by the J if I was any ways
Uneasy thow Could J would Bring any Writting
from Rice to the Same Purpose J Told the
as Not being any Interested of mine would
wish an order from Rice which would Cut
the Matter Short J Clear me from any Dispute
that may Arise thow then Desird me to Go with the
J Se. formyself that what thow Virg.a was the
Truth J Told the J was Satisfy.d J Belived Each
owner of Ship was, then when thow Brot
the order from Rice the Still Desird me to
Go with the J Talk with him if J want Intirely
Satisfy.d J Reply.d J was fully Satisfy.d the had
said J Done anough (and on my Part J am Still
Satisfy.d) but after the was Gone it was Told
that he had made a Proft the Voyage way his
J Paid to his order J then for the first Time
was Sorry that J Requested an order from Rice
to Pay the what Apparently was thy Due without
it Now 1 Day Before he Left here he Requested
to See my Book So as to Get of what the Boys
Voyage Amounted to as his Voyage Belong
to him J thow would Never Dispute it J Said
Prior to this Insinuated the Same to the Belief
of Some of his friends Notwithstanding what we
as owners Could Say = Now in Justice to thyself
J Desire thow would Send me a True Statement of
the Case from Under thy hand So that J may
Proclaim in thy favour what J think (without
Some Mistake) is Justly Due

We are in want of a small Stock of Leather this fall, which we Should be glad thou will furnish us with; from $80 to $100 worth assorted; as we have long been thy customers, altho small, yet we are in hopes to claim thy attention so far as the business requires; thy Leather sent us last year was not of so good a quality as heretofore, & still the price not reduced, & the gum continues to come out of the Black grain which renders it unfit for warrentable Shoes; We have some good Sperm Oil which if thou art in want of, thy orders will be comply'd with by us; Should be glad thou will send the Leather as soon as convenient. from thy assured Fd.

Nant. 12 5th mo 1806 Esteemed Friend Jacob Barker we Recd
thy favour 1st Inst. of Notes the Contents we have to Observe
that however we might feel in Regard to the Head
Joyd the Clamour of the People here was such as to
Precludes us from Closing in with it the Greatest
Clamour was from People that Stood Ready
with Eagles Cash to Purchase not having any
Regard to any Body's Interest but their own as no
Doubt James may give the a True Statement while
we held them in Suspence they Inquired whether if
we could have Bill out Belvidere that we would
Resign up to them we made answer as to Jacob's
Bargin with us we was entirely easy without their
help their Conduct was so Conspicuous that it was
almost Loathsome we Did not want the to be under
any obligation to them on our act for had we
acceded to it with the advice of James a Compleat
Whip Saw they would have had as it appeared
afterward but James Let them no that if he
Could not Close in with the Offer Head to Property
Should not be Sacrafised by Laying to this way
As the Case is Looking at all the Circumstance
Some how Contracted with us we Could but
Just Give the a hint that James & ourselves
would be Ready to Give the a Lefft with
the Uncle Toby Cargo upon Terms that Neighther
Party would be Sorry

With Due Respects Remain thy Friend

23-2 1809 Returned Friend Wm Botch Qr at the Request of
G W Q of the Taking of Jos Pulita alias Jo Brown I may
inform that Jo Foyle he Ships in the President Brock
Master at Bedford a whaleing Voyage & after being on the
Voyage Twelve months Round Cape Horn & but small
Success the Crew Weary & some with the Scurvy they went
in to the Island of St Mary's & Landed some to Regain
their health he at that time doing Ships Duty & getting of
Water he Remind an act from the Carpenter that if he went on
on Board again he was to be Put in Irons &c as he had done
nothing he Refused to adhere to the Carpenter's advice &
Returned on Board & then one of the officers Told him to Put
his Cloths in the Boat for those by the Capts orders & Keep
out of sight otherwise he would have had he then obeyed
orders & Put all his Cloths in the Boat & kept Come on Deck &
Took the Last Boat he gathers the other Boat & went on shore
for what Reason he could not Tell Except that having a
Very Dirty Boy he had Threatened to Whip the Boy if he did
not Clean out the Locker & Keep more Clean — when the Boy
said he would acquaint him & informed against him that
that he never heard of Before Previous to this he was Quite
Ignorant as Respecting the other 3 mens accusation —
the Ship Said she was Gone 2 months & 10 days & Returned
the Capt sending Jo word if he would Collect some apples
& bring down to the Beach he should be rewarded he
accordingly Collected & carried to the Place appointed
What apples he found never Keeping out of Sight
as he had done nothing to Deter him & the other 3
men Kept somewhat concealed & that the officers when
went on shore was armd & when they were in sight
would fire at them when they Landed for the apples
he appeared & they Bound him & carried him on Board
& Stript him Entire Except his Shirt & that they Hauld
over his head & Lashed his wrs & the mate & second mate
alternately Whipt him untill they were Both weary
with a Cat the Capt at this time on Board the
Sterling Capt Starbuck — & from that the act he Gives
he was in a Woful Condition & then they Loaded him
Unable to Stand or walk from that they Burnt up
their hutt & Destroyed a Tin Pan or Two & Every
thing Connected & Left them in Such Distress
that when Night Came he Prayed for death

in ad thence that Vessel such Reports among the Whole
That they Reposed assistance he says his suffering was soon
Previous to the Ship's Return that he Got the note of Stockton
to Interced with Capt Brock to take him on Board under
any Situation he would be thankful Rather than be Left
Sent his Request was Refused & finally he had to Marry
11 months & 18 days on D Island & in the Season Cold Winter
their Lave was to short that Seemingly nothing but Grass
was their Lave so that they almost Starved
Hey obtained 900 Wt while he was on Board the Jefferson
finally Capt Paddack of the Diana took him on Board
& Capt Gardner Received him from Capt Paddack & the
Poor Fellow arrived here with the mournful Story as above
Without Friends or money Except a Small Sattisfaction he
Received of the owners of the Valy Capt Gardner
Says he Took him from Capt Paddack who Gave him
a Good Recomend while on Board the Valy he Behaved
well in all Respects & Says from what he could Collect
Capt Brock was right in Being alarmd from the
Story of Boy as Repeated the Three of his Crew but from
Every thing he could find Capt Brock was under an
misapprehension as Repeated for Politics & Thinks that
as that was the Case he is deserving of Some Relief
he has Strictly advised Gr not to take any Step at Law
Law with Capt or Officers but Rest the matter with
the to Do by him as they Should Think Best & Gr Says
he Shall Strictly Keep to the advice of Capt Gardner
the man Seems Innocent in appearance & if he
is fact I may Say I almost feel as Capt Gardner
Says Desirous he may be Conciliated by the Owners
or owners — With due Respect I Remain Your Friend
